Health and Wellbeing Statement

Introduction

As an employer of staff at Highters Heath Nursery School, the Governing Body recognises the statutory responsibilities related to employment. Day-to-day management of staff is ultimately the responsibility of the Head Teacher.

As a Nursery School, Highters Heath is committed to promoting positive mental, physical and emotional wellbeing and will provide suitable support for all members of staff. Taking action to prevent ill health and promote good health makes good educational and business sense, as sickness absence carries high costs both in monetary terms and in terms of the impact upon performance, teaching and learning, morale and productivity, which may disrupt or compromise children's progress.

Members of the teaching and non-teaching staff are entitled to be treated fairly and professionally at all times. The Governing Body of Highters Heath Nursery School takes its duty of care as an employer to all members of staff very seriously and a number of policies and procedures have been made in relation to this duty.

The governing body has adopted all the LA Birmingham model policies and procedures including:

- Attendance and Absence Management Procedures;
- Health and Safety Policy;
- Equality of Opportunity Policy;
- Grievance Procedure;
- Whistleblowing Procedure.

The Governing Body recognises the importance of workplace unions in promoting and maintaining a positive health and wellbeing environment.
